LET GOOD MEN TAKE NOTICE

"Good men should frown down upon the use of money in primaries and elections. The man ware will seek to buy a nomin ton or election would sell out after ne is elected to reimburse himsel .. "-News and Observer.

This is especially true with reference to primaries, and such disreputable methods are becoming a stench in the nostrils of all houest men. Decent people are growing very tired of that sort of thing and came very near repudiating the practice, in the teath district, four years ago. It is a dangerous precedent and will finally result disastrously to the individual or political party attempting to obtain results in that way. The game I has already begun in some sections of the state this year and fairminded men are becoming disgusted. It will take a revolution to dislodge the corruptionists, but it can be done, if honest men will stand by their guns and bid defiance to the hired emissaries of

boodle candidates.

are in the land and will endeavor to play the game in every precinct. Individuals who are willing to barter away their rights will have an opportunity. Those who accord support only to the man who "puts up and shells out" on demand can have the chance, but mark the prediction: honest men will turn away in disgust and take no part in the drama. Has it come to this, that no man can be nominated for an office who will not spend money to attract the purchaseable vote? What are we coming to, anyway? Shall men of principle and integrity be shat upon by an unscrupulous papulace, who see only the glittering sheckles of the two by four corruptionists, posing as statesmen?

Until such methods are abolished the sons of poor men can only be the "hewers of wood and drawers of water." Honest men should see to it that the boodlers do not dominate the primaries, or county and district conventions. The battle is on in earnest. DEMOCRATS OUT OF PLACE.

"If every democratic congressman had been in his seat today, the important provisions of the railroad rate bill would not have been sent to conference, but would have been considered in the open, the very thing that the republican majority did not want.

"Twenty courageous republicans stood up against the dark lantern methods of a conference, but alas! the democrats presented a rugged front, and so a great opportunity was wasted. Having secured conferees to their liking the followers of the "Duke of Rhode Island" proceeded to put the rate bill into their hands." - Washington Dispatch May 25th, to News and Ob-

Crawford and Gudger Vote in Polk

A prominent democrat in Polk county writes The Hustler as follows, under date of May 24, the day the convention

"The result of convention in Polk is for Gudger and 3 for Crawford. Mr Gudger was down here two days last week and his representative was here today. They (the Gudger men) suc-Gentlemen of the jury, take the ceeded in working some of the Craw

So that's the game is it? Going from county to county begging the people and "over-persuading" them to vote for a man they do not want. Our congressman left Washington, May 5th, and has been on the hustings in the district ever since - "standing on his record." What do you think of that? And yet they feign "great surprise" on account of the be names. He sava: "My little daughte result in Polk. The idea!

Clamoring for Crawford.

The Rutherfordton Sun of last week contains the following item from its correspondent at Golden Valley:

"Mr. Editor, the people of this and Duncan's Creek township are just clamoring for W. T. rawford for congress. His hold on the affections of our people seems to increase with the passing years and they rightly consider him the greatest man from the Blue Ridge to the Tennessee line. Only let him be nominated a d see the democratic majorities swell to figures heretofore unknown to this district."

It remains to be seen whether these Rutherford democrats are sufficiently interested in the nomination of Mr. Crawford to attend the primaries next Saturday and stand by their guns. "Actions speak louder than words."

Judicial Convention.

The democratic convention of the fourteenth judicial district will be held in Marion on Saturday, June 16 h, for the purpose of nominating a candidate for solicitor and the selection of an ex ecutive committee So far as THE HUSTLER is advised, Solicitor Spainhour has no opposition and will be nominated by acclamation to succeed himself Mr. Spainbour has discharged the duties of his office with entire satisfaction to all classes of citizens and no candidate can defeat him before the people of this district. The republican who dares oppose him will surely come to grief, not only "on the hustings," but at the ballot box in November.

Republican Factions.

Washington, May 23 - It becomes in creasingly evident that there will be a clear line of demarcation between the republicon factions when the state convention meets. The delegates will be called upou to make a simple choice be tween Blackburn, a republican cor gressman, on the one hand, and Butler, a political adventurer, who has voted everything except the republican ticket, on the other Butler has taken charge of the "organization" plans for the convention, and he has just been discovered in a scheme to embarrass Mr. Blackburn. He went to Congress man Sherman, the chairman of the republican congressional campaign committee, and asked Mr. Sherman to address the state convention. Of course the New York congressman was quick o see what was working in Butler's mind and he declined the invitation. quick, saying he had already arranged to go to North Carolina as the guest of Mr. Blackborn, and that he would deliver an address on the occasion of the Tar Heel club binquet In other words, Butler had once more been foiled.

A BALL OF FIRE.

Pranks of a Thunderbolt In a House In Paris.

Camille Flammarion in his book "Thunder and Lightning" describes some of the phenomena of electrical storms. Of the actions of a ball of fire in Paris he says: "It was in the Rue St. Jacques, near the Val de Grace. The fire ball burst into the room from the chimney, knocking over the paper guard in front of the fireplace. In appearance it suggested a young cat gathered up in a ball, as it were, and moving along without using its paws. It approached the tailor's legs as if to play with them. The tailor moved them away to avoid the contact, of which he naturally was in terror.

"After some seconds the globe of fire rose vertically to the height of the man's face as he sat, and he to save himself leaned quickly back and fell over. The fire ball continued to rise and made its way toward a hole which had been made at the top of the chimney for the insertion of a stovepipe in the winter, but which, as the tailor put it afterward, 'the fire ball couldn't see,' because it was closed up with paper.

"The ball stripped off the paper neatly, entered the chimney quite quietly and, having risen to the summit, produced a tremendous explosion, which sent the chimney pot flying and scattered it in bits all over the neighboring courtyard and surrounding roofs."

FACTS IN NATURE.

Not Only Do We Gat Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, bilibusness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health giving agents are to be found in forest plants and roots

Nearly forty years ago, Dr. R.V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medici-nal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as and liver and stomach trouble as well as many other chronic, or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or billousness, and kindred derangements.

If you have costed tongue, with bitter.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derange-ment of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and perma-nently than any other known agent. Con-tains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery." Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

Spencer, N. C., May 18 - The republican exe urive committee of Rowan county will meet on the 26th inst., at which time a county convention will be called and dates named the primaries, When asked what his organization will do for Congressman Spencer Blackburn, Chairman Thomas H Stewart, of Spencer, replied that the committee will do nothing towards his renomination or election. In fact it is known that every member of the executive committee is opposed to Blackburn. The chairman is frank to say that he will never vote for him again. The Republicans will this year join with the democrats in the defeat of the representative from the eighth district.

The opposition to Mr. Blackburn among the leaders of his own party in this section grew out of what is claimed as gross misrepresentations made by him in postoffice matters.
